The artwork features a background of vibrant, diagonal stripes in shades of green, yellow, orange, and blue. Overlaid on this are several dark, almost black, elongated shapes with a rough, textured appearance, resembling stones or seeds. These shapes are scattered across the frame, some overlapping each other and the stripes. The overall effect is a high-contrast, layered composition.

Hunsand Space is founded at No. 211 Caochangdi Art District in 2014 and relocated to 798 Art District in 2018. Remaining vigilant about the conventional ways of presenting art exhibitions in the white cube, Hunsand Space aims to take the semantics and syntax from the language of contemporary art as a point of departure and to extend them into broader fields. Through its vigorous exhibitions and projects, Hunsand Space hopes to activate the overlooked aspects in contemporary culture and to bring the value of contemporary art into our lives.

拾萬空间于2014年成立于草场地艺术区211号院，并在2018年迁至798艺术区。拾萬空间对常规意义的方盒子展览保持警惕，意欲从当代艺术语言中的语法和语意结构出发并将之延展到更广泛的领域；希望通过持续的展览和项目，激发出当下文化中被忽视的部分，将当代艺术思想的价值生发到你我的身边。
